

FERTILIZER

With

Active Ingredients:

isoxaben: <i>N</i> -[3-(1-ethyl-1-methylpropyl)-5-isoxazolyl]-2,6-dimethoxybenzamide and isomers...	0.38%
Inert Ingredients	99.62%
Total	100.00%

Contains 0.18 lb active ingredient per 50 lb bag.

This fertilizer product contains Gallery, a preemergence herbicide for control of certain broadleaf weeds and suppression of annual grasses in landscape ornamentals, container grown ornamentals, field grown ornamentals, and home lawns.

Keep Out of Reach of Children

CAUTION

Hazards to Humans and Domestic Animals

Precautionary Statements

Causes Eye Irritation • Harmful If Swallowed, Inhaled Or Absorbed Through The Skin

Avoid breathing dust and contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Personal Protective Equipment (PPE)

Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Chemical-resistant gloves made of any waterproof material
- Shoes plus socks

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

First Aid

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-992-5994 for emergency medical treatment information.

Environmental Hazards

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift or inadvertent application to areas adjacent to treated turfgrasses may result in reduced germination or emergence of nontarget plants. Do not contaminate water when disposing of equipment washwaters.

In case of emergency endangering health or the environment involving this product... Call 1-800-992-5994

Agricultural Chemical: Do not ship or store with food, feeds, drugs or clothing.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read all directions carefully before applying this product.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation.

Agricultural Use Requirements

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements of this label about personal protective equipment (PPE) and restricted entry interval. The requirements in the box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow workers to enter during the restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is:

- Coveralls
- Chemical-resistant gloves made of any waterproof material.
- Shoes plus socks

Non-Agricultural Use Requirements

The requirements of this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

Entry Restrictions for Non-WPS Uses: When this product is applied to turf and ornamental plantings in landscape settings, do not enter or allow others to enter the treated area until dusts have settled. If soil incorporation is required after the application, do not enter or allow others to enter the treated area (except those persons involved in the incorporation) until the incorporation is complete. If the incorporation is accomplished by watering-in, do not enter or allow others to enter the treated area until the surface is dry after the watering-in.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in original container. Protect stored product from moisture. In case of leak or spill, contain material and dispose as waste.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

General Information

This turf fertilizer product contains Gallery®, a preemergence herbicide for control of certain broadleaf weeds and suppression of annual grasses in established turfgrasses, landscape ornamentals, container grown ornamentals, and field grown ornamentals. Apply in late summer to early fall, in early spring, or anytime prior to germination of target weeds.

General Use Precautions and Restrictions

Gallery Turf Fertilizer controls weeds germinating from seed. Gallery Turf Fertilizer does not control established weeds. Existing weeds should be controlled with postemergence herbicides. To insure optimal fertilizer and herbicidal response, water treated areas as soon as possible after application. A single rainfall or sprinkler irrigation of 0.5 inch or more is required to activate this product.

Do not apply more than 833 lb of Gallery Turf Fertilizer per acre.

Chemigation: Do not apply Gallery Turf Fertilizer through any type of irrigation system.

Treatment of Turf or Ornamental Species not Listed on the Label for Gallery Turf Fertilizer

Users who wish to use Gallery Turf Fertilizer on a plant species not listed on this label may determine the suitability for such use by treating a small area or a small number of plants at a recommended rate. Prior to treating a larger area, the treated area/plants should be observed for any sign of herbicidal injury during 30 to 60 days of typical growing conditions. **The user assumes responsibility for any plant damage or other liability resulting from use of this product on species not recommended on this label.**

Application Instructions

Apply Gallery Turf Fertilizer using a drop or rotary-type spreader designed to apply granular fertilizer. Calibrate application equipment prior to use according to manufacturer's directions. Check frequently to be sure equipment is working properly and distributing granules uniformly. Do not use spreaders that apply material in narrow concentrated bands. Avoid skips or overlaps as poor weed control or plant injury may occur. More uniform application may be achieved by spreading half of the required amount of product over the area and then applying the remaining half in swaths at right angles to the first. When using a drop-type spreader, a splashboard mounted below the release point will provide more even granule distribution.

Broadcast Application Rates

Apply Gallery Turf Fertilizer at a broadcast rate of 200 to 250 lb per acre (4.6 to 5.7 lb per 1000 sq ft). A minimum rate of 200 lb per acre (4.6 lb per 1000 sq ft) is recommended for optimum results. Use the higher rate in the rate range where heavy weed infestation is anticipated.

Weeds Controlled or Suppressed by Gallery Turf Fertilizer

Weeds controlled when applied at 200 to 250 lb per acre (4.6 to 5.7 lb per 1000 sq ft)

Common Name	Scientific Name
burweed, lawn	<i>Soliva pterosperma</i>
buttercup	<i>Ranunculus spp.</i>
celery, wild	<i>Apium leptophyllum</i>
chickweed, common	<i>Stellaria media</i>
chickweed, mouseear	<i>Cerastium vulgatum</i>
foolsparsely	<i>Aethusa cynapium</i>
geranium, Carolina	<i>Geranium carolinianum</i>
henbit	<i>Lamium amplexicaule</i>
knotweed, prostrate	<i>Polygonum aviculare</i>
mallow, little	<i>Malva parviflora</i>
parsley - piert	<i>Alchemilla arvensis</i>
pennywort, lawn	<i>Hydrocotyle sibthorpioides</i>
pineappleweed	<i>Matricaria matricarioides</i>
speedwell, thymeleaf	<i>Veronica serpyllifolia</i>
spurge, prostrate	<i>Euphorbia humistrata</i>
spurge, spotted	<i>Euphorbia maculata</i>
spurry, corn	<i>Spergula arvensis</i>
woodsorrel, creeping	<i>Oxalis corniculata</i>
woodsorrel, yellow	<i>Oxalis stricta</i>

Weeds partially controlled by a single application or controlled by repeat applications when applied at 200 to 250 lb per acre (4.6 to 5.7 lb per 1000 sq ft)

Common Name	Scientific Name
clover, spp. ¹	<i>Trifolium spp.</i>
clover, white ¹	<i>Trifolium repens</i>
dandelion ¹	<i>Taraxacum officinale</i>
medic, black	<i>Medicago lupulina</i>
plantain, broadleaf	<i>Plantago major</i>
plantain, buckhorn	<i>Plantago lanceolata</i>
plantago, slender	<i>Plantago elongata</i>

¹From seed only

Weeds suppressed or partially controlled when applied at 200 to 250 lb per acre (4.6 to 5.7 lb per 1000 sq ft)

Common Name	Scientific Name
bluegrass, annual	<i>Poa annua</i>
crabgrass	<i>Digitaria supp.</i>
ryegrass, annual (Italian)	<i>Lolium multiflorum</i>

Uses

Turfgrass

Gallery Turf Fertilizer is recommended as a preemergence treatment for control of certain broadleaf weeds in established cool season and warm season turfgrasses.

Apply Gallery Turf Fertilizer anytime prior to germination of target weeds

Note: Refer to the General Information section of this label for general use precautions and information on application rates and weeds controlled prior to using this product.

Specific Use Precautions:

Apply Gallery Turf Fertilizer only on established turf. Apply to newly seeded turf (including overseeded turf) **only** after seedlings are established (three leaf stage and tillering) and well rooted. Do not overseed established turf sooner than 60 days following an application of Gallery Turf Fertilizer.

- Do not apply Gallery Turf Fertilizer to golf course putting greens.
- Do not apply Gallery Turf Fertilizer to dichondra.

Gallery Turf Fertilizer is recommended for use on the following turfgrass species:

Established Cool Season Turfgrasses

Common Name

bentgrass, colonial
bentgrass, creeping
bluegrass, Kentucky
fescue, chewings
fescue, creeping red
fescue, sheep
fescue, tall
ryegrass, perennial

Scientific Name

Agrostis tenuis
Arostis stolonifera
Poa pratensis
Festuca rubra var. commutata
Festuca rubra
Festuca ovina
Festuca arundinaceae
Lolium perenne

Established Warm Season Turfgrasses

Common Name

bahiagrass
bermudagrass
centipedegrass
fescue, tall
St. Augustinegrass
zoysiagrass
zoysiagrass

Scientific Name

Paspalum notatum var. Saurae parodi
Cynodon dactylon
Eremochloa ophiuroides
Festuca arundinaceae
Stenotaphrum secundatum
Zoysia japonica
Zoysia tenuifolia

Ornamental Plantings

Gallery® Turf Fertilizer is recommended as a preemergence treatment for control of certain broadleaf weeds in landscape ornamentals, container grown ornamentals, and field grown ornamentals.

Apply Gallery Turf Fertilizer anytime prior to germination of target weeds or immediately after cultivation.

Note: Refer to the General Information section of this label for general use precautions and information on application rates and weeds controlled prior to using this product.

Specific Use Precautions:

To avoid possible plant injury, **do not** apply Gallery Turf Fertilizer to:

- nursery: seedling beds, cutting beds, or transplant beds
- unrooted liners or cuttings that have been planted in pots for the first time
- pots less than six inches wide
- bedding plants or areas where bedding plants will be planted or transplanted within 1 year after application

Do not apply Gallery Turf Fertilizer to newly transplanted ornamentals or nursery stock until soil or potting media has been settled by packing and irrigation or rainfall and no cracks are present or plant injury may occur.

Applications of Gallery Turf Fertilizer over the top of plants with newly forming buds may cause injury. Possible plant injury may be avoided by applying to the soil surface beneath ornamental plants.

When planting into a site treated with Gallery Turf Fertilizer in the previous 8 months, use untreated soil as fill around roots when replacing plants or injury may occur.

Note: Injury to certain ornamental plants has been observed following application of Gallery Turf Fertilizer. To avoid plant injury, Gallery Turf Fertilizer is not recommended for weed control in the following ornamental plant species:

Ajuga spp. (bugle)
Brassica spp. (mustard)
Echinacea purpurea (purple coneflower)
Euonymus alatus 'compacta' (dwarf burning bush)
Euphorbia spp. (spurge)
Hydrangea spp. (hydrangea)
Iberis spp. (candytuft)
Juniperus horizontalis 'Prince of Wales' (prince of wales juniper)
Melaleuca quinquenervia (cajeput tree)
Rhododendron caroliniaum (Carolina rhododendron)
Rhododendron catawbiense 'Roseum elegans' (roseum elegans rhododendron)
Sedum spp. (stonecrop)
Yucca recurvifolia (green yucca)

Terms and Conditions of Use

If terms of the following Warranty Disclaimer, Inherent Risks of Use, and Limitation of Remedies are not acceptable, return unopened package at once to the seller for a full refund of purchase price paid. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under Warranty Disclaimer, Inherent Risks of Use and Limitation of Remedies.

Warranty Disclaimer

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

Inherent Risks of Use

It is impossible to eliminate all risks associated with use of this product. Plant injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions (including conditions noted on the label, such as unfavorable temperature, soil conditions, etc.), abnormal conditions (such as excessive rainfall, drought, tornadoes, hurricanes), presence of other materials, the manner of application, or other factors, all of which are beyond the control of Seller. All such risks shall be assumed by Buyer.

Limitation of Remedies

The exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability, or other legal theories), shall be limited to, at Seller's election, one of the following:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

Seller shall not be liable for losses or damages resulting from handling or use of this product unless Seller is promptly notified of such loss or damage in writing. In no case shall Seller be liable for consequential or incidental damages or losses.

The terms of the Warranty Disclaimer, Inherent Risks of Use, and this Limitation of Remedies cannot be varied by any written or verbal statements or agreements. No employee or sales agent of the Seller or the seller is authorized to vary or exceed the terms of the Warranty Disclaimer or this
